

TRI-STATE DRESSAGE SOCIETY 2015 REGION 9 REPORT

Membership at end of 2014 was 83, my last update indicated 78 and the treasurer tells me she sent 3 more in this month.

Our educational activities have included 2 demo/lectures on lunging and half halts, monthly clinics with Matt Cunningham, 1 wogo(yoga on horseback) clinic, and 4 schooling shows, with clinics afterwards for 2 of those shows. We have had one team competition, and another scheduled for October.

What works: we use our most popular judges for the clinics. Monthly Matt Cunningham clinics are always full. We had a trail ride this July in conjunction with our summer general membership meeting which was well attended considering the heat!

I personally don't believe there's a problem with WD. in our 1st show, attendance was low due to the weather, and the judge had never judged WD before, so of course his scores were different! We try to use our second judges for WD, and they are very experienced at judging it. Don't really have anything pressing for the agenda. I am looking forward to reconnecting with everyone and becoming involved on the regional level. See you at the meeting!
Tammy Glenn, President
