Deadline is quickly approaching for submitting GMO Delegates that will be attending/representing their Group Organization at Convention. Deadline for submission is August 31, 2021. An email with the revised GMO delegate/proxy form was sent out to all GMO Presidents on July 28, 2021. If a proxy is not submitted by the deadline, by default the GMO President will be listed. Changes can be made afterwards.

USDF **STRONGLY** encourages GMOs to submit their delegate/proxy appointment(s) to the USDF office sooner rather than later so their GMO delegate/proxy can be added to USDF's Governance Representatives e-mail list and receive an invitation to join the "USDF Board of Governors – Delegates" Facebook Group (if they are on Facebook) to receive important governance communications in preparation for the BOG meeting.
