

The Sport Horse show at Haras has been a success the last two years in a row. Each year the show has pulled in numbers around 40 entries, which is a large show for Sport Horse. Marilyn Kulifay is working hard on making the upcoming show a success. Any support on reaching out to area breeders and owners is very appreciated.

A reminder that the Youth/Adult Amateur handler class at the Sport Horse shows will help prepare for future vet exams, FEI jogs, and will improve overall handling skill sets. The horse can be of any age, breed, or movement. The class is based on handling presentation and skill.
