Horse Shows:

Spring Dressage I and II, 2021 held last weekend in March at San Antonio Rose Palace in one ring. Show ran very smoothly though it was smaller than in past years with 34 or so riders.

Virtual shows held in May and now running in August have attracted some interest and provided judging opportunity for L judges.

Scheduled Fall show for this September was cancelled due to the fiscal loss sustained during the Spring show and also it only being schedulable against the September GSWECC show limiting our ability to draw competitors from the Houston area.

Education/Events:

Taste of the L program which occurred in February and March in three installments featuring Kathy Rowse was very popular and well attended.

July had a member summer picnic and silent auction that was also well attended

Just starting is a three part series with Vincent Flores on Defining big goals, self belief, and building an action plan for success in dressage

A trainer roundtable helped us align organization activities with local trainers and their students as we plan future activities
